E*TRADE GROUP, INC.

To Be Held February 19, 1997

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of E*TRADE Group, Inc. ("E*TRADE" or the "Company") of proxies to be voted at the Annual Meeting of Shareholders which will be held at 10 a.m. on February 19, 1997 at Quadrus Conference Center located at 2400 Sand Hill Road, Menlo Park, California 94025 or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the proxy card were first mailed to shareholders on or about January 27, 1997. The principal executive offices of E*TRADE are located at 2400 Geng Road, Palo Alto, California 94303.

VOTING RIGHTS AND SOLICITATION

The close of business on January 15, 1997 was the record date for shareholders entitled to notice of and to vote at the Annual Meeting. As of that date, E*TRADE had 29,605,147 shares of common stock, \$.01 par value per share (the "Common Stock"), issued and outstanding. All of the shares of the Company's Common Stock outstanding on the record date are entitled to vote at the Annual Meeting, and shareholders of record entitled to vote at the meeting will have one (1) vote for each share so held on the matters to be voted upon.

Shares of the Company's Common Stock represented by proxies in the accompanying form which are properly executed and returned to E*TRADE will be voted at the Annual Meeting of Shareholders in accordance with the shareholders' instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted FOR the election of the director as described herein under "Proposal 1--Election of Directors" and FOR ratification of the selection of accountants as described herein under "Proposal 2--Ratification of Selection of Independent Public Accountants." Management does not know of any matters to be presented at this Annual Meeting other than those set forth in this Proxy Statement and in the Notice accompanying this Proxy Statement. If other matters should properly come before the meeting, the proxy holders will vote on such matters in accordance with their best judgment. Any shareholder has the right to revoke his or her proxy at any time before it is voted. Election of directors by shareholders shall be determined by a plurality of the votes cast by the shareholders entitled to vote at the election present in person or represented by proxy. Abstentions and broker non-votes are each included in the determination of the number of shares present for quorum purposes. Abstentions are counted in tabulations of the votes cast on proposals presented to shareholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved. The approval of the proposal to ratify the selection of accountants requires a majority of the votes cast to be affirmative.

The entire cost of soliciting proxies will be borne by E*TRADE. Proxies will be solicited principally through the use of the mails, but, if deemed desirable, may be solicited personally or by telephone, telegraph or special letter by officers and regular E*TRADE employees for no additional compensation. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to the beneficial owners of the Company's Common Stock, and such persons may be reimbursed for their expenses.

The members of the Board of Directors of E*TRADE are classified into three classes, one of which is elected at each Annual Meeting of Shareholders to hold office for a three-year term and until successors of such class have been elected and qualified. The nominees for the Board of Directors are set forth below. The proxy holders intend to vote all proxies received by them in the accompanying form for the nominees for director listed below. In the event that either nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. - (1) Each option, with the exception of options granted to Christos M. Cotsakos, will become exercisable for 20% of the option shares after 12 months of continued service from the date of grant. The balance of the option shares will become exercisable in a series of 4 successive equal

annual installments upon the optionee's completion of each additional year of service measured from the first anniversary of the date of grant. The options for Mr. Cotsakos became exercisable for 20% of the shares on September 1, 1996 and will become exercisable for 80% of the shares in a series of 48 equal monthly installments upon the completion of each additional month of service thereafter.

Upon a merger or consolidation in which the Company is not the surviving corporation, options issued under the Company's 1993 Stock Option Plan will terminate unless assumed by the acquiring entity. Pursuant to his employment agreement, options held by Mr. Cotsakos become immediately exercisable upon a change in control.

- (2) The exercise price of each option may be paid in cash, in shares of Common Stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares. The Company may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the federal and state tax liability incurred in connection with such exercise. The Compensation Committee has the authority to reprice outstanding options through the cancellation of those options and the grant of replacement options with an exercise price equal to the lower fair market value of the option shares on the regrant date.

8

- (3) The potential realizable value is reported net of the option price, but before income taxes associated with exercise. These amounts represent assumed annual compounded rates of appreciation at 5% and 10% only from the date of grant to the expiration date of the option. There is no assurance provided to any executive officer or any other holder of the Company's securities that the actual stock price appreciation over the 10-year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of the Common Stock does in fact appreciate over the option term, no value will be realized from the option grants made to the executive officers.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

In March 1996, prior to the Company's initial public offering, Christos M. Cotsakos entered into an employment agreement with the Company. The agreement provides for annual base salary compensation of \$250,000. Mr. Cotsakos' base salary is subject to adjustment as follows: if, at the end of any fiscal quarter during the term of the agreement, the Company's annualized revenues

equal or exceed \$75 million and there is a positive net income at the end of such quarter, the base salary shall be increased to an annualized basis of \$320,000; and if, at the end of any fiscal quarter during the term of the agreement, the Company's annualized revenues equal or exceed \$100 million and there is a positive net income at the end of such quarter, the base salary shall be increased to an annualized basis of \$390,000. Mr. Cotsakos is also eligible to participate in the Company's bonus plan and other benefit plans.

The employment agreement terminates on December 31, 2001, but is renewable for successive one-year periods, unless either party gives 180 days' notice. Upon termination of Mr. Cotsakos' employment, he is entitled to severance payments as follows: (i) payment equal to five full years of current total annual compensation if termination within three years after a change in control of the Company (as defined) or if he elects to terminate his employment for good reason (as defined) within three years after any change in control, and (ii) payment equal to four full years of (A) current total annual compensation if he is terminated by the Company other than for cause (as defined) and such termination is not described in (i) above and (B) he elects to terminate his employment for good reason and such termination is not described in (i) above. In addition, Mr. Cotsakos' options become immediately exercisable upon a change in control or upon the termination of Mr. Cotsakos other than for cause or at his election for good reason.

From January 1995 to December 1995, Kathy Levinson, the Executive Vice President of Operations of E*TRADE Group and the President and Chief Operating Officer of E*TRADE Securities was self-employed as a

9

consultant. During this period, Ms. Levinson, worked under contract with the Company, pursuant to which she provided consulting services to assist with E*TRADE's transition to self-clearing operations. During the term of this agreement, Ms. Levinson was paid \$166,000 by the Company, and received a warrant to purchase 300,000 shares of Common Stock, which warrant was fully exercised by January 1996, and options to purchase 300,000 shares of Common Stock which vest at a rate of 20% per year over a period of five years and will terminate on January 2, 2005.

In connection with an acquisition of the Company by merger or asset sale, any outstanding option held by the Named Executive Officers under the Company's 1996 Stock Incentive Plan will automatically accelerate in full and all unvested shares of Common Stock held by such individuals subject to direct issuances made under such plans will immediately vest in full, except to the extent such options are to be assumed by, and the Company's repurchase rights with respect to these shares are to be assigned to, the successor corporation. In addition, the Compensation Committee as Plan Administrator of the 1996 Plan will have the authority to provide for the accelerated vesting of the shares of Common Stock subject to outstanding options held by the Named Executive Officers or the shares of Common Stock subject to direct issuances held by such individuals, in connection with the termination of the officer's employment following: (i) a merger or asset sale in which these options are assumed or are assigned or (ii) the Company's repurchase rights with respect to unvested shares or (iii) certain hostile changes in control of the Company.

Compensation Committee Report on Executive Compensation

The Compensation Committee (the "Committee") of the Board of Directors sets the base salary of the Company's executive officers and approves individual bonus programs for executive officers. Option grants to executive officers are made by the Committee, and the Committee has complete discretion in establishing the terms of each such grant. The following is a summary of policies of the Committee that affect the compensation paid to executive officers, as reflected in the tables and text set forth elsewhere in this Proxy Statement.

Compensation Philosophy

The Committee applies a consistent philosophy to compensation for all employees, including executive officers. This philosophy is based on the premise that the achievements of the Company result from the coordinated efforts of all individuals working toward common objectives. The Company strives to achieve those objectives through teamwork that is focused on meeting the expectations of customers and stockholders.

- . The Company pays for relative sustained performance. Executive officers are rewarded based upon corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as operating profit and performance relative to competitors. Individual performance is evaluated by reviewing development progress against set objectives and the degree to which Company values are fostered.
- . The Company strives for fairness in the administration of pay. The Company strives to balance the compensation paid to a particular individual and the compensation paid to other persons both inside the Company and at comparable companies.

General Compensation Policy

The Committee's overall policy is to offer the Company's executive officers competitive cash- and equity-based compensation opportunities based upon their personal performance, the financial performance of the Company and their contribution to that performance. One of the Committee's primary objectives is to have a substantial portion of each officer's compensation contingent upon the Company's performance as well as upon his or her own level of performance.

The principal factors taken into account in establishing each executive officer's compensation package are summarized below. Additional factors may be taken into account to a lesser degree, and the relative weight given

10

to each factor varies with each individual in the sole discretion of the Committee. The Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Cash-Based Compensation. The Committee sets base salary for executive officers on the basis of personal performance, the salary levels in effect for comparable positions with other companies in the industry and internal comparability considerations. This comparison group differs from the one included in the peer group index in the performance graph as the Company is required to take into account the cost of living and competition for personnel in its geographic location. Effective October 1, 1994, the Company adopted a bonus plan (the "Bonus Plan") to allow all eligible associates to share a portion of the Company's profits. Thirty days after the end of each fiscal quarter, the Company will pay 20% of any operating profit that is in excess of 10% of gross revenue into the Bonus Plan. Each eligible associate will be allocated a percent of the total Bonus Plan pool based on the Company's total salary base, that associate's gross earnings for the quarter and designation by group. Bonus payments are distributed over time to associates, who receive 50% of the bonus payment at the end of the month following the end of the quarter, and the remaining 50% over the succeeding three-year time period in increments of one-sixth. If an associate leaves the Company for any reason other than disability, death or retirement, that associate's accumulation of earnings in the bonus pool remains in the pool as additional earnings for the remaining eligible associates. The Chairman of the Board received a bonus and the Chief Executive Officer did not receive a bonus for fiscal 1996.

Effective January 1, 1995, the Company adopted a 401(k) (the "401(k) Plan") that covers all eligible associates of the Company. An associate is eligible to participate in the plan upon hire, and may elect to defer, in the form of contributions to the 401(k) Plan, up to the \$9,500 limitation imposed by Internal Revenue Code Section 402(g). Associates' contributions are invested in specific assets, specific funds or other investments permitted under the 401(k) Plan according to the directions of each individual associate and the directed investment procedure. The contributions are fully vested and nonforfeitable at all times. Upon completion of one year of service, the 401(k) Plan provides for employer contributions to the 401(k) Plan of an amount equal to 25% of the amount contributed by all eligible associates, up to 2% for individual associates total compensation. The Company has made contributions of \$52,000 for the year ended September 30, 1996.

Long-Term Equity-Based Compensation. The Committee intends to make stock option grants on a periodic basis. Each grant is designed to align the interests of the executive officers with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant

generally allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to 10 years), thus providing a return to the officer only if he or she remains in the employ of the Company and the market price of the shares appreciates over the option term. The size of the option grant to each executive officer generally is set at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the Company, but there is also taken into account the size of comparable awards made to individuals in similar positions in the industry as reflected in external surveys, the individual's potential for future responsibility and promotion over the option term, the individual's personal performance in recent periods and the number of options held by the individual at the time of grant. Generally, as an officer's level of responsibility increases, a greater portion of his or her total compensation will be dependent upon Company performance and stock price appreciation rather than base salary. The relative weight given to these factors varies with each individual in the sole discretion of the Committee.

Deduction Limit for Executive Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The compensation paid to the Company's executive officers for the 1996 fiscal year did not exceed the \$1 million limit per officer, and it is not expected that the compensation to be paid to the Company's executive officers for the 1997 fiscal year will exceed that limit. In addition, the Company's 1996 Stock Incentive Plan is structured so that any compensation deemed paid to an executive officer

in connection with the exercise of his or her outstanding options under the 1996 Plan will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach \$1 million limit, the Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Committee will reconsider this decision should the individual compensation of any executive officer ever approach the \$1 million level.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consisted of Richard S. Braddock, William E. Ford and Keith Petty at the end of the fiscal year ended September 30, 1996. During fiscal 1996, William A. Porter and Lewis E. Randall served on the Compensation Committee from October 1, 1995 to May 31, 1996. Mr. Porter was an executive officer of the Company during the fiscal year ended September 30, 1996.

On September 28, 1995, the Company sold 100,000 shares of Series A Preferred Stock for \$123 per share. On April 10, 1996, the Company sold 20,336 shares of Series B Preferred Stock for \$140 per share. All Preferred Stock was sold in private financings, pursuant to preferred stock purchase agreements and investors' rights agreements. The terms of those agreements (with the exception of amount and price) are substantially similar for the Series A and Series B, under which the Company made the standard representations, warranties and covenants, and which provided the purchasers thereunder with rights of first offer, tag-along rights, preemptive rights, and demand and piggyback registration rights. All of the material terms of the Series A and Series B agreements, with the exception of the registration rights, terminated upon the effective date of the Company's Registration Statement in connection with its initial public offering. All shares of Preferred Stock converted into Common Stock on a 60-for-1 basis automatically upon the completion of the Company's initial public offering. The purchasers of the Preferred Stock included, among other things, the following directors, entities associated with directors, and holders of 5% or more of the Company's Common Stock:

INVESTOR	SHARES OF PREFERRED STOCK PURCHASED	
	SERIES A	SERIES B
General Atlantic Partners II, L.P. (1)	87,742	6,267
GAP Coinvestment Partners, L.P. (1)	12,258	876
Christos M. Cotsakos(2)	--	6,050
Richard S. Braddock	--	7,143

(1) The general partner of General Atlantic Partners II, L.P. ("GAP II") is General Atlantic Partners, LLC ("GAP LLC"), a Delaware limited liability company. William E. Ford, a director of the Company, is one of the managing members of GAP LLC. The same managing members of GAP LLC are the general partners of GAP Coinvestment Partners, L.P. ("GAP Coinvestors"). Mr. Ford disclaims beneficial ownership of shares owned by GAP II and GAP Coinvestment except to the extent of his pecuniary interest.

(2) Includes shares held by the Cotsakos Revocable Trust under Agreement dated September 3, 1987, shares held in an IRA account and shares held as a custodian for his daughter. Mr. Cotsakos disclaims beneficial ownership of shares held as a custodian and one-half of the shares held by the Cotsakos Revocable Trust.

During the fourth calendar quarter of 1996, the Company made a relocation loan to Mr. Cotsakos, its Chief Executive Officer and a Director, in the aggregate principal amount of \$3,150,000. The proceeds of this loan were used to fund the purchase by Mr. Cotsakos of a personal residence in the Silicon Valley area. In providing this relocation loan, the Compensation Committee of the Board of Directors considered, among the other things, the rapid escalation of residential housing costs in the Silicon Valley area as well as the costs incurred by Mr. Cotsakos in relocating from Brussels, Belgium to California. The relocation loan accrues interest at the rate of 7% per annum which, together with the principal amount, is due and payable in November 1999. The loan is secured by a combination of assets, including the residence purchased, having a fair market value of at least 140% of the amounts outstanding. The due date of the relocation loan is subject to acceleration upon the occurrence of certain events including the voluntary cessation of employment with the Company by Mr. Cotsakos.

In December 1995, the Company entered into a consulting arrangement with Mr. Hayter, a director of the Company, to provide international business consulting at a base rate of \$1,500 for each day of consulting plus expenses, with the exception of attendance at Board meetings. Mr. Hayter's fees were payable in the form of

14

\$750 in cash and \$750 in Common Stock (issued at fair market value on the dates of services rendered). During the six months ended March 31, 1996, Mr. Hayter was paid \$23,520 and accrued 6,096 shares of Common Stock pursuant to this arrangement. He also accrued 1,421 shares of Common Stock pursuant to this arrangement from April 1, 1996 through June 6, 1996. The Company and Mr. Hayter restated the consulting arrangement on June 7, 1996, at which time the Common Stock component of the arrangement terminated.

In March 1996, Christos M. Cotsakos entered into an employment agreement with the Company. See "Employment Contracts, Termination of Employment and Change-in-Control Arrangements."

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING REQUIREMENTS

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater-than-ten-percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) reports they file.

Based solely upon review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that, except as set forth below, there was compliance for the fiscal year ended September 30, 1996 with all Section 16(a) filing requirements applicable to the Company's officers, directors and greater-than-ten-percent beneficial owners.

The Initial Statement of Beneficial Ownership of Securities on Form 3 was filed late for Lester C. Thurow.
