E*TRADE TO HOST EDUCATION DAY IN NEW YORK CITY

Complimentary education open to investors and traders of all experience levels

NEW YORK, August 30, 2019 — E*TRADE Financial Corporation (NASDAQ: ETFC) today announced it will host an Education Day at the [Convене Event Venue](#) in New York City, on Saturday, September 7, 2019, from 8 a.m. to 5 p.m. The event offers several complimentary sessions for investors and traders interested in learning from financial professionals.

- Investors and traders can tailor their own experience from a selection of 12 specialized sessions.
- Financial Consultants from local E*TRADE branches, members of the E*TRADE Trader Service Team, and guest speakers from OptionsANIMAL, an options education company, will be on-site all day to answer questions about equity and derivatives trading.
- E*TRADE welcomes anyone to join, whether or not they are an E*TRADE customer.

Sessions run concurrently across two tracks. Sessions explore a variety of topics, from using Power E*TRADE and exploring chart analysis to understanding types of options risk and multi-leg options strategies. Investors and traders can attend sessions across all tracks:

More information is available at www.etrade.com.

Please read the important disclosures below.

Important note: Options transactions are intended for sophisticated investors and are complex, carry a high degree of risk, and are not suitable for all investors. For more information, please read the [Characteristics and Risks of Standardized Options](#) prior to applying for an account. Moreover, there are specific risks associated with buying options, including the risk that the purchased options could expire worthless. Also, there are specific risks associated with trading spreads, including substantial commissions, because it involves at least twice the number of contracts as a long or short position and because spreads are almost invariably closed out prior to expiration. Multi-leg options including collar strategies involve multiple commission charges. Because of the importance of tax considerations to all options transactions, the investor considering options should consult their tax advisor as to how taxes affect the outcome of each options strategy. Commissions and other costs may be a significant factor. An options investor may lose the entire amount of their investment in a relatively short period of time.
